

Good afternoon,

My name is Robyn Williams and I started attending Camp Zion 6 years ago. During this time, I was very quiet and shy and thought that would hold me back from making friends. That mindset changed quickly after going through my first day of camp. The kids and staff made it easy for me to feel welcome and come out my shell. The first day was filled with endless fun from the delicious breakfast and educational classes to the even better dinner and free time in the gym. I could not wait to go back the next day.

This camp allowed me to experience many trips, educational classes, and fun activities that I would not be able to do on my own. The educational classes consist of many lessons like budgeting, abstinence, test taking skills, and photography, it even allowed me to tour different college campuses. Aside from classes I also got to engage in fun activities like paint twister, water gun fights, team building sports, and dressing as cows to get free chick fil a.

Camp Zion has taught me so many lessons and life skills that helped me build my confidence, love people, and more importantly love God. I will be able to take with me to college and even after that. I will never forget the long lectures from Mrs. Kesia or Ms. Tammy, or even the jokes from Ms. Debra. I want to say thank you to Camp Zion for the lifetime memories and friends I have made. I'm proud to say, I will be attending the University of West Georgia in the fall.
